BEAM ANGLE

Giada è una lampada da parete per esterni dal design senza viti a vista, che assicura un'estetica pulita e moderna. Il driver integrato garantisce compattezza e facilità di installazione. Realizzata in alluminio pressofuso, la struttura è resistente e durevole, mentre il riflettore in alluminio anodizzato ottimizza la distribuzione della luce per un'illuminazione efficace.

Alloggiamento: Alluminio pressofuso**Riflettore:** Alluminio anodizzato

LED: Tecnologia LED a basso consumo con classificazione L80/B10/F10, durata di 50.000 ore e funzionamento affidabile con temperature da -21°C a 56°C

Giada is an outdoor wall lamp designed with a seamless construction, no visible screws, for a clean and modern appearance. The built-in driver ensures a compact design and easy installation. Crafted from die-cast aluminum, its durable housing provides long-lasting performance, while the anodized aluminum reflector optimizes light distribution for enhanced illumination.

Housing: Die-cast aluminum**Reflector:** Anodized aluminum

LED: Energy-efficient LED technology with an L80/B10/F10 rating, offering a 50,000-hour lifespan and reliable operation in temperatures ranging from -21°C to 56°C

COMPLIANCE

CERTIFICATIONS / POWER SUPPLY COMPLIANCE CHOICES

! Beam angles, optics tailored for specific projects, asymmetric effects, special lenses, opal diffusers, reflector RAL color (if different from white), and the use of anti-glare accessories collectively contribute to variations in total lumen flux compared to the technical sheet data.

Flussirari reserves the right to modify the characteristics of its products and their availability without prior notice. The information provided, including product details, technical data, illustrations, and specifications, is not considered binding. Flussirari accepts no liability for any discrepancies. In our continuous pursuit of product enhancement, we retain the prerogative to make changes to specifications or materials without prior notification, provided such modifications do not compromise the functionality of the product.

For the most current and authoritative specifications, users are advised to refer to the specification sheets available at www.flussirari.it. These documents supersede all other printed or electronic versions and are reflective of the latest updates and revisions.

Compliance may vary in each power supply based on country-specific technical regulations.
