CERTIFICATIONS / POWER SUPPLY COMPLIANCE CHOICES

Stilla è progettato con un diffusore opalino che garantisce una distribuzione della luce uniforme, pura e confortevole in tutte le direzioni. Il sistema LED assicura alte prestazioni mantenendo un basso consumo energetico, rendendolo una scelta ideale per efficienza e sostenibilità. Conosciuto per la sua eco-compatibilità, Stilla è una soluzione di illuminazione responsabile nei confronti dell'ambiente.

Alloggiamento: Alluminio estruso con scelta di verniciatura a polvere in colori RAL.

Diffusore: Diffusore in policarbonato PMMA, progettato specificamente per LED.

LED: Riduce il consumo energetico con L80/B10/F10, garantendo una durata di 50.000 ore e prestazioni affidabili in temperature da -21°C a 56°C.

Stilla is designed with an opal diffuser that ensures a pure, uniform, and comfortable distribution of light in all directions. The LED system provides high performance while maintaining low energy consumption, making it an ideal choice for both efficiency and sustainability. Known for its eco-friendliness, Stilla is an environmentally responsible lighting solution.

Housing: Extruded aluminum with a choice of RAL powder coating colors.

Diffuser: PMMA polycarbonate diffuser, specially designed for LED.

LED: Reduces energy consumption with L80/B10/F10, offering a 50,000-hour lifespan and reliable operation in temperatures from -21°C to 56°C.

! Beam angles, optics tailored for specific projects, asymmetric effects, special lenses, opal diffusers, reflector RAL color (if different from white), and the use of anti-glare accessories collectively contribute to variations in total lumen flux compared to the technical sheet data.

Flussirari reserves the right to modify the characteristics of its products and their availability without prior notice. The information provided, including product details, technical data, illustrations, and specifications, is not considered binding. Flussirari accepts no liability for any discrepancies. In our continuous pursuit of product enhancement, we retain the prerogative to make changes to specifications or materials without prior notification, provided such modifications do not compromise the functionality of the product.

For the most current and authoritative specifications, users are advised to refer to the specification sheets available at www.flussirari.it. These documents supersede all other printed or electronic versions and are reflective of the latest updates and revisions.

Compliance may vary in each power supply based on country-specific technical regulations.
