

When install the led strip, please note the installation technique. The led strip can be bent, but not distorted, as shown below.

Distortion(Wrong)

Bend(Right)

➤ LED strips are low voltage products, you must use the power supply(transformer). Please don't connect the led strip directly to the AC 110v or AC 220v, otherwise it will burn out the LED strips.

➤ Clean up the installation surface, it will ensure the reliability of the adhesive. The electrical connection process must be operated by a professional person.
